

The Family Resource Centre is proud to once again offer an amazing program for young children and their families. This program is an opportunity for parents with children of all ages to come together for a nature walk and/or fun activities in one of our local parks, to learn a little about our local area, and to connect with one another.

Each session will end with *Gathering Time* which includes a simple snack, time to socialize, and a song. Please wear comfortable shoes, bring water, and ensure you and your child are adequately protected from the elements (sun, heat, ticks etc.)

Please call 250-545-3390 for more information.
